## DISTRIBUTOR PROGRAM

### Product Specs

- 18-inch temporary barricade
- MUTCD approved under sub-section 6i
- Durable butyl adhesion
- Made from recyclable materials
- Retroreflective with high visibility

### Product Description

DisposaCone® is an innovative, temporary, disposable 18-inch tall, fully retroreflective barricade solution that is functional and safe for job sites, maintenance work, emergency situations or public events. Made from renewable and recyclable materials, the product has two butyl adhesive strips on the base that adhere to asphalt, concrete, glass, metal and other hard, dry surfaces. Because of its unique design and engineering, DisposaCone® withstands up to 4 days of wind and rain. After use, it can be recycled with other paper goods. Ships in boxes of 30 DisposaCones or by the Case (8 boxes).
